👤 About Me

I'm a developer and former ICT teacher with a deep love for coding, learning, and building meaningful digital experiences. My journey has taken me from classrooms in Cambodia to freelance projects and international studies, where I've explored everything from mobile and web development to real-time apps.

🧩 Skills

- React Native
- MERN Stack
- Next.js
- Python
- Neo4j Graph Database

🎓 Education

Bachelor of Computer Science — 2013 - 2017
Royal University of Phnom Penh
Studied Computer Science and Engineering at university
